

Moose Lake Area Fire Protection District
Special Board Meeting, Wednesday, Sept. 27, 2017

Board Members present: Aldrin, Hoppe, Nelson, Shaw. Absent: Berg

The meeting was called to order at 10 a.m.

Tax Levy: Nelson said that the levy would be 26 percent if it was the maximum but the budget could be trimmed down. There was still a \$21,000 difference. The way that the loan is set up at the bank for the new truck, the first payment of \$24,000 is due in April. There are savings to cover that payment. There are funds to purchase a new first responder truck but spending will have to be kept to a minimum for the next year. The pay increases requested for the firefighters and officers will have to be negotiated at the next meeting.

Motion by Nelson/Hoppe to set the levy at 10 percent. The contracts with Windemere and Silver Townships will also be increased. Carried.

Aldrin said that he would drop off the paperwork for the levy at the auditor's office later that day.

The meeting was adjourned at 10:10 a.m. Shaw/Nelson. Carried.
